The 1.1 L CVH was the shortest lived of the different variants, like the others it was first used in the 1980 European Escort. Displacing 1.1 L (1,117 cc), uniquely it was sold in parallel in the Escort with the "Valencia" version of the Ford Kent OHV unit with the same displacement. It offered a negligible improvement in terms of either

The Toyota K series is an inline-four engine that was produced from 1966 through 2007. It is a two-valve pushrod engine design, a rarity for the company. It was originally built from the Toyota Kamigo plant in Toyota City factory in Japan.. All K series are non-crossflow engines - the inlet and exhaust manifolds are on the same side. They
