Agricultural Land Redistribution Toward Greater

The main focus of this book is land redistribution. To forge greater consensus among practitioners of land reform, and to enable them to make better choices among the many options, the book describes and analyzes alternative broad paths of implementation, using examples and the detailed implementation mechanisms that were used in those examples.

The Land Redistribution for Agricultural Development sub-programme is flexible enough to accommodate a number of types of projects. Purely residential projects would not be supported under LRAD unless beneficiaries seek to establish household gardens at their new residences, and unless funds for top-structure are sourced from elsewhere, e.g. Department of Housing.

Building Competitiveness in Africa's Agriculture

The advocates of economic land reform stress the productive superiority of family farms; and they expect the land reform to make a significant contribution not only to agricultural production, but also to rural employment, self-employment, and poverty reduction.

The Economic Effects of Land Redistribution ... - SpringerLink

Land reform in Zimbabwe officially began in 1980 with the signing of the Lancaster House Agreement, as an effort to more equitably distribute land between black subsistence farmers and white Zimbabweans of European ancestry, who had traditionally enjoyed superior political and economic status. The programme's stated targets were intended to alter the ethnic balance of land ownership. Inequalities in land ownership were inflated by a growing overpopulation problem, depletion of over-utilised trac

"Agricultural Land Redistribution: Toward Greater Consensus addresses a major policy dilemma: how to benefit from the development gains agricultural land redistribution is expected to generate while avoiding the losses caused by the highly imperfect ways redistribution is generally implemented.

Agricultural Land Redistribution: Toward Greater Consensus ...

Land monopoly. A land monopoly occurs when an entity or a class is able to corner the market on land. According to Winston Churchill, "Land monopoly is not the only monopoly, but it is by far the greatest of monopolies - it is a perpetual monopoly, and it is the mother of all other forms of monopoly."
