Belonging to the World surveys the treatment of women in American law from the nation's earliest beginnings in British North America to the present. An original work of historical synthesis, the book aims to build bridges between fields long thought to be unbridgeable -- among them, the history of women, American constitutional and legal history, political theory, and law.

Women's Suffrage From Grolier. The struggle to achieve equal rights for women is often thought to have begun, in the English-speaking world, with the publication of Mary Wollstonecraft's *A Vindication of the Rights of Woman* (1792). During the 19th century, as male suffrage was gradually extended in many countries, women became increasingly active in the quest for their own suffrage.
