Problem Solving Skills and Techniques - Ryan's Tutorials

Social problem-solving, in its most basic form, is defined as problem solving as it occurs in the natural environment. More specifically it refers to the cognitive-behavioral process in which one works to find adaptive ways of coping with everyday situations that are considered problematic. This process is self-directed, conscious, effortful, cogent, and focused. Adaptive social problem-solving skills are known to be effective coping skills in an array of stressful situations. Social problem-sol
