The MariaDB Cookbook says it's a book for people wanting to get to know MariaDB, specifically if they already have experience with databases and want to know what sets MariaDB apart. True to its word, the book starts by introducing a concise but comprehensive set of recipes ranging from simple backups to the first steps in setting up a highly ...

Mariadb Cookbook by Daniel Bartholomew, Paperback | Barnes ...

The MariaDB Cookbook is well written by someone who knows the MariaDB database server quite well. Writing a 300 page book by yourself is no small feat and Daniel has done it with aplomb. I am most familiar with Percona server and Oracle's MySQL server but I have been interested in MariaDB for some of its new features -- especially the multi-source replication.

Amazon.com: Customer reviews: MariaDB Cookbook

The book is based on the latest release of MariaDB and covers all the latest features and functions. By the end of this beginner-friendly book, not only will you have a running installation of MariaDB, but you will have practical, hands-on experience in the basics of how to install, configure, administer, use, and maintain it.

Edition ...

Getting Started with MariaDB is a book for beginners. No previous MariaDB or MySQL experience is necessary. You will need to be familiar with how to use and operate a computer and will need to be comfortable with using the command line, but that's it.

Getting Started with MariaDB - Daniel Bartholomew

MariaDB and MySQL Common Table Expressions and Window Functions Revealed is a book about two of the most exciting (to me anyway) new features in MariaDB 10.3 and MySQL 8.0 : Common Table Expressions (CTEs) and Window Functions. Both features have been a long time coming, but they're finally here!

MariaDB and MySQL Common Table ... - Daniel Bartholomew

I'm very excited to announce that my new book on Common Table Expressions (CTEs) and Window Functions in MariaDB 10.2+ and MySQL 8.0+ is now out! Please check it out and spread the word. These two new features have been requested often over the years and they're finally here.
