Cognitive Poetics in Practice | Joanna Gavins | download

Both authors are centrally concerned with the cognitive poetics of entire texts and with understanding how readers build and maintain complex mental representations of their narratives. While Gavins chooses Barthelme's Snow White as an example of a cognitively challenging piece of literature, Emmott considers how readers deal with unexpected twists in plot.

Cognitive Poetics in Practice - Taylor & Francis

The introduction defines cognitive poetics as an approach that sees literary discourse not as a relatively elite mode of cultural expression, interpretable only by the privileged few, but rather as a form of human experience grounded in humans' general cognitive capacities for making sense of the world.
