Otolaryngologists: Ear, Nose, Throat Doctors

General Otolaryngology - Head and Neck Surgery (also sometimes referred to as ear, nose and throat) encompasses the broad range of disorders of the ears, nose, sinuses, mouth, throat, face and neck in the adult patient. Since all of these areas are connected to each other, symptoms in one region can often be due to problems in other regions.

Otorhinolaryngology - Wikipedia

Dry eyes, dry mouth, and unrelenting fatigue are all symptoms of Sjogren's syndrome, a common (but misunderstood) autoimmune condition. By Karen Pallarito Apr 6, 2018

Sjogren's Syndrome Symptoms: Dry Eyes, Dry Mouth, and More

In addition to cancers of the head and neck, ENT specialists treat neck masses, Grave's disease, enlarged thyroid glands, and more. Sleep—Being able to breathe and sleep well through the night has an impact on the way we experience life and perform our work. ENT specialists treat sleep-disordered breathing, nasal and airway obstruction, snoring and sleep apnea, and more.
