Get Free Feminist Legal Theory Readings In Law And Gender New Perspectives On Law Culture And Society

Feminist legal theory, also known as feminist jurisprudence, is based on the belief that the law has been fundamental in women's historical subordination. The project of feminist legal theory is twofold. First, feminist jurisprudence seeks to explain ways in which the law played a role in women's former subordinate status.

Feminism. Whereas conflict theory focuses broadly on the unequal distribution of power and resources, feminist sociology studies power in its relation to gender. This topic is studied both within social structures at large (at the macro level) and also at the micro level of face-to-face interaction.
