For Teachers - FOSS

Four teachers at The Howard Early Childhood Center were using the FOSS kindergarten module, Fabric, which consists of two big activities, each with many parts—Activity 1: Fabric All Around and Activity 2: Fabric Interactions. The teachers chose student-designed quilts as a culminating experience to the Fabric All Around investigation. This ...

n Kindergarten Science regarding Big Idea: The natural world is defined by organisms and life processes which conform to principles conservation and transformation of matter and energy be applied to improving human health and well being.

Big Idea: Science

Fabric. Fabric, a material so often taken for granted, makes a fascinating study for early childhood students. In the Fabric module students are introduced to a wide variety of fabrics in a systematic way, so that they become familiar with fabrics' properties, discover what happens when they are tested, and discover how they interact with other materials, including water.
