My favorite part about DigiLibraries.com is that you can click on any of the categories on the left side of the page to quickly see free Kindle books that only fall into that category. It really speeds up the work of narrowing down the books to find what I'm looking for.

Genetic Criticism Texts And Avanttextes

As Genetic Criticism demonstrates, the chief concern is not the "final" text but the reconstruction and analysis of the writing process. Geneticists find endless richness in what they call the "avant-texte": a critical gathering of a writer's notes, sketches, drafts, manuscripts, typescripts, proofs, and correspondence. Together, the essays in this volume reveal how genetic criticism cooperates with such forms of literary study as narratology, linguistics, psychoanalysis, sociocriticism ...

Genetic Criticism | Jed Deppman, Daniel Ferrer, Michael Groden

The eleven essays in Genetic Criticism: Texts and Avant-textes represent a French literary critical movement called critique génétique, or "genetic criticism." As the volume's editors, we faced an embarrassment of riches when we made our selections, for thirty years of activity had produced a wealth of essays and a variety of strains in the movement.
