Philips goLite Light Therapy Devices for sale | eBay
Light has direct alerting and energizing effects and can improve our performance. Bright light therapy is also successfully used for mood relief, especially for seasonal mood swings. Page 11 Preparing for use It is very important that you know how long and how often you should use your Philips goLITE BLU energy light. This knowledge can mean the difference between successfully responding to light and not responding at all.

What is Golite Light Therapy? - Light Therapy
goLITE BLU is clinically proven to improve energy levels and mood, helping to fight winter blues. Independent research reveals that 70% of people who tried goLITE BLU felt their energy levels improve after just two weeks of use (study with 823 participants in the UK in 2011 by Bzz Agent).
