### History of Pictures: From the Cave to the Computer Screen ...

The history of pictures begins in the caves and ends, with a computer screen. Who knows where it will go next? But one thing is certain, the challenge remains the same: how do you represent the three-dimensional world on a two-dimensional surface? David Hockney was born on July 9, 1937, in Bradford ...

Regardless of style or era, whether appearing on a cave wall or a computer screen, or if made by brush, camera, or digital program, a picture, says David Hockney, is the only way that we can communicate what we see. This book takes the form of an extended conversation between Hockney and art critic ...

### A History Of Pictures: From the Cave to the Computer Screen

In A History of Pictures he covers far more ground, getting at the roots of visual expression and technique through hundreds of images—from cave paintings to frames from movies—that are reproduced. It's a joyful celebration of one of humanity's oldest impulses.

### A History of Pictures: From the Cave to the Computer Screen

The making of pictures has a history going back perhaps 100,000 years to an African shell used as a paint palette. Two-thirds of it is irrevocably lost, since the earliest images known to us are from about 40,000 years ago. But what a 40,000 years, explored here by David Hockney and Martin Gayford in a brilliantly original book.
