~~Honda Marine - 4 Stroke Outboard Motors, Parts ...~~

Have a BF 20 that has seen little use in the last year. It now won't start initially without using starting fluid. Once it starts will idle and run at low rpm's for several minutes running very smoothly then all of a sudden runs really rough, then stalls. Trying to give it throttle does not seem to help. Restarts almost immediately (without use of fluid) and the problem repeats itself.
