Investing for Beginners: The Definitive Beginner's Guide ...

Investing, at its heart, is the trading of your money today for a lot more money in the future. The investing we talk about revolves around the stock market. That said, putting your money into a business you create, or a home you will live in, can also be considered an investment. Investments by definition are high yield over the long term.

Including retirement accounts, I generally suggest that you should aim to invest at least 10% of your income. In other words, if you contribute 4% of your salary to your 401 (k), it could be a good goal to set aside 6% of your income to invest on your own. The important thing is that you start as soon as possible,...
