John Deere Shop Manual Series

the I&T shop manual for the john deere letter series really lacks details. as you read it, it seems like it was printed in Japanese then translated to English. I understand this is not a car or truck but since the manual is less then 100 pages, details have been left out and information is a bare minimum.

This is a relatively thin manual that UNFORTUNATELY covers several different model John Deere tractors. Although the content is informative, one has to "read between the lines" to glean the info as it pertains to their tractor. This manual is approximately 3/16 of an inch thick. My shop manual for my 1960 Case 310B is 4 inches thick.
