Alaska, the price of further climate change denial could be the complete devastation of their lives and culture. Their village must be relocated to survive, and neither the fossil fuel giants nor the U.S. government are willing to take full responsibility.

### **Kivalina: A Climate Change Story by Christine Shearer**

Steve Susman, for example, is particularly focused on addressing climate change, and holding fossil fuel companies accountable, similar to the tobacco lawsuits. His involvement in the Kivalina case is notable both because he is a high-profile litigator who charges up to a thousand dollars an hour for his services,...

Kivalina: A Climate Change Story The remote Alaska village of Kivalina has been in danger for a number of years from the effects of climate change: “Sea ice no longer adequately forms on the village’s coastline, leaving the tiny island—perched on a thin strip of land between a sea and a lagoon—vulnerable to storms and erosion, and requiring relocation.”

### **Kivalina: A Climate Change Story - Hot Topic**

Kivalina has been at its current location since its school was built in the early 1900s. In 2000, the community settled on a nearby—and potentially safer—site for relocation, dubbed Kiniktuuraq. However, investigations by the U.S. Army Corps of Engineers determined that Kiniktuuraq could also fall victim to
