stars. Since this might be the last edition of The Handbook I am glad to see an update. There is more Linux in

UNIX And Linux System Administration Handbook, 4th Edition PDF

For those who remember the original, this latest edition maintains the high quality writing and in-depth coverage of systems administration in a GNU/Linux environment. The authors take great pains to present an unbiased, clear, and often droll overview of GNU/Linux systems administration. I was often surprised by their very practical advice.
