Librivox.org is a dream come true for audiobook lovers. All the books here are absolutely free, which is good news for those of us who have had to pony up ridiculously high fees for substandard audiobooks. Librivox has many volunteers that work to release quality recordings of classic books, all free for anyone to download. If you've been looking for a great place to find free audio books, Librivox is a good place to start.

Loving La The Low Carbon

LA is glorious, but complex. It is simultaneously blessed with space, good weather, diversity, history, high culture, and a wonderful wackiness where innovation reigns. There will always be a need for new ways to explore and rediscover this kaleidoscopic city.

I love the book's low carbon mission and the way it illustrates the interconnection between car-free travel and a true embrace of the city. However, LA's car-free culture is moving so quickly, that future editions will want to include the extension of the Expo Line to Santa Monica, and the emergence of bike share programs in Santa Monica and Downtown LA (scheduled to expand to Pasadena in 2017).
