More Properties of Exponents - Kuta Software LLC

A to the first power-- and the association property of multiplication, I can do the multiplication of the a's before I worry about the 3's. So I can multiply these two guys first. So a to the first times a to the seventh-- I just have to add the exponents because I have the same base and I'm taking the product-- that's going to be a to the ...

Exponents and Polynomials

Exponent rules. Exponent rules, laws of exponent and examples. What is an exponent; Exponents rules; Exponents calculator; What is an exponent. The base a raised to the power of n is equal to the multiplication of a, n times:

Lesson 9.03: More Multiplication Properties of Exponents

Exponents and Polynomials 443 Vocabulary Match each term on the left with a definition on the right. 1. Associative Property 2.
