It was about saving aggro, and conserving energy. And, appropriately, it was about The 2nd Law: an album titled after and thematically influenced by the Second Law of Thermodynamics, which concerns the inevitable wasting of energy within a closed system. It was about letting themselves go and enjoying themselves. Muse, after all, had earned it.

that's less reliant on Matthew Bellamy 's guitar heroics, resulting in an album that's a bit of a mixed bag.

### **The 2nd Law - Muse | Songs, Reviews, Credits | AllMusic**

Muse really strikes me as a group that takes a lot of chances with vocal range and musical styles and classical, orchestral flourishes, and this album I think showcases them at their full potential. If there's not a single track on this album you like, then you're likely dead inside, or only listen to Gregorian Chants or something.

Muse faced a creative challenge when following up its immensely successful last studio release, 2009's *The Resistance*. The trio from southwestern England responded with a concept album, *The 2nd Law*, that keeps building on its big sound and diverse styles. Referring to the second law of thermodynamics, the ambitious recording tells the story of a resource-strapped planet that can no longer ...
