Conclusion 1. What is a technical sketch? What is an artistic sketch? How are the two similar and how are they different? A technical sketch is a sketch that displays dimensions and should display the different parts of the subject.

1.3.7 - BrandonPLTW

With PLTW, we don't give kids answers - we only give them problems to solve. In addition, our curriculum becomes a means for students to aspire to accomplish great things. When you tap into that instinct in kids - helping others in need - it makes teaching fun and helps them see beyond the content, giving insight into how they can make ...
