Preventive Medicine in World War II: Enemy Prisoners of War

Preventive medicine planning for prisoners of war.—With a clear foresight of coming events and problems, Lt. Col. (later Col.) Perrin H. Long, MC, Chief Consultant in Medicine, Allied Force Headquarters, and North African theater, wrote a vigorous memorandum for the theater surgeon, Brig. Gen. Frederick A. Blessé, on 18 March 1943, on “Prevention of Disease in Prisoners of War.” 25 The essential contents of Colonel Long's memorandum follow:
