As professors and practitioners in this field know all too well, Congress and the courts continue to develop intellectual property law and jurisprudence at a rapid pace. For that reason, we have significantly augmented and revised Intellectual Property in the New Technological Age. The 2018 Edition reflects the following principal developments:

Intellectual Property in the New Technological Age: 2018

...

Property law is the area of law that governs the various forms of ownership and tenancy in real property (land as distinct from personal or movable possessions) and in personal property, within the common law legal system. In the civil law system, there is a division between movable and immovable property. Movable property roughly corresponds to personal property, while immovable property ...
