Marcuse's goal in Reason and Revolution is to demonstrate that Hegel was not as right wing as people believe him to be, and that there is no excuse for using him to vindicate Nazi practice. The later is true, but the former is not. Marcuse is certainly a deeper Hegel scholar than I am, or ever will be,...

According to Hegel, the French Revolution enunciated reason's ultimate power over reality. (He sums this up by saying that the principle of the French Revolution asserted that^thought ought to govern reality. The implications involved in this statement lead into the very center of his philosophy. Thought ought to govern reality.

Reason and Revolution: Hegel and the Rise of Social Theory is a 1941 book by the philosopher Herbert Marcuse, in which the author discusses the social theories of the philosophers Georg Wilhelm Friedrich Hegel and Karl Marx. Marcuse reinterprets Hegel, with the aim of demonstrating that Hegel's basic concepts are hostile to the tendencies that led to fascism. The book has received praise as an important discussion of Hegel and Marx.

revolution he can mount a critique of the real revolution. Yet Hegel still wants to legitimate the consequences of the Revolution as a product of reason – not of blind nature. Thus, he invokes a power acting behind our backs: ‘the cunning of reason’ which ensures the immediate agents of world history realise its purposes indirectly.
