Resource Economics Conrad Wordpress

'Natural resource economics stagnated, even with growing awareness of climate change and sustainability. Conrad and Rondeau provide the perfect update, with all of the basic tools for building one's own model, state-of-the-art coverage of exhaustible and renewable resources, and important applications for emerging problems of pest control, antibiotics, and wildlife.'

Natural Resource Economics by Jon M. Conrad

"Jon Conrad's second edition of Resource Economics is an articulate, well-organized presentation of key applications of intertemporal economics to problems of natural resources. More than a routine update of the first edition, it admirably balances theoretical rigor and clarity in the presentation of models, with the kinds of institutional discussions that motivate students to think about research questions."
