Rethinking The European Union Rethinking

'As the European Union haltingly emerges from its worst ever crisis, there is a need to rethink both the EU itself and its relations with its member states. Nat Copsey does just this in a clear, original and highly readable assessment of the crisis and its impact - and of how Europe can recover and avoid experiencing anything similar again.'

In the years after 2007, the European Union (EU) underwent a deep and drawn-out economic, social and political crisis. The Great Recession, the Eurozone Crisis and the politics of rigour and austerity plunged half the Eurozone into an exceptionally deep and long-lasting slump. Member-state governments teetered on the edge of bankruptcy.
