Saxon Math Course | Sonlight

Saxon Math 3. At third grade level, the scope and sequence is running slightly behind those of the major Christian publishers with the exception of School of Tomorrow (which lags quite a distance behind) and BJUP with which it is almost comparable. It compares almost straight across with ScottForesman's Exploring Mathematics for Grade 3. Children perform all four basic functions, but multiplication and division are practiced with only single-digit multipliers and divisors.
