written look at French history as viewed through the focal point of the city of Paris. Horne openly admits the so-called "seven ages" he creates are indeed arbitrary, and are more a reflection of how he has categorized the historical events of the city in his own mind rather than necessarily any universally recognized historic mile ...

Hornes Seven Ages of Paris is a whirlwind tour of Frances history, focusing primarily on the role that Paris has played in it. Focused primarily around seven different timeframes in the citys history, this work discusses politics, military history, art, architecture, and religion in equal measures.
