ERIC - ED491797 - Teaching Language Arts, Math, and ...

The American National Council of Teachers of English separates English and language arts into five basic categories: reading, writing, speaking, listening and viewing. In elementary school, language arts classes focus on basic reading, writing and linguistic / communication skills. Periods of silent sustained reading, cursive writing, syntax, thematic writing and vocabulary are all major focal points of elementary lessons.

Teaching English and Language Arts

Math can enhance students' abilities in written and oral communication skills, and language arts can increase their ability to communicate their understanding for a content-specific reason. Students need to experience that connection.
