Mitsubishi Pajero 1991 - 1997 reviews, technical data, prices

However, since the 1980s, this has changed. Two engine families were introduced using the letter "A" to denote that all the engines in the family had an alloy cylinder head. Their latest engines, however, do not follow any previous conventions (e.g. 4M4, 3B2, etc.). The third (digit) previously denoted the engine family.
