Any crested Gloster is referred to as a Corona and those without crests (plainheads) are known as Consorts. Although a Type Canary (bred for their shape and conformation --and not bred for singing) --the Gloster is known to have a beautiful song.

The Gloster Fancy Canary A

The Gloster Fancy Canary is a perfect choice for the beginner as it is lively, very hardy and will readily breed. As with most canaries it is basically a cage bird, but quite enjoyable to observe. They have a pleasant song, though folks who prefer a song canary may find it a bit louder and more choppy than they prefer.

Gloster Canaries for Sale - Birds Now

Founded in 1968, the NGC is a specialty club which encourages and supports the breeding and exhibition of the Gloster Canary. The first NGC show was held in the Boston, Massachusetts area in the Fall of 1969.

GLOSTER DAVE RANDS SHED

It is established that the Gloster Fancy Canary is the result of a blending of three different breeds of canary, the Crested Roller, the Border and the Crested canaries. Although it owes its basic genes to the three sources, it has now emerged as a bird quite distinct and different from any of its forebears. The name of Mrs.

Gloster Fancy Canary, Gloster Canaries: Gloster Corona and ...

Gloster canary, a song bird originating in England is one of the most esteemed types of canary bird. They are not sexually dimorphic although females have a rounder abdomen. Males seem to have a sweet singing ability. This canary is usually divided into two types, the one with a round crest (bowl cut) is known as gloster corona while the flat headed is known as gloster Consort.

Kev Stoakes Gloster Fancy Canaries

Temperament: The Gloster Fancy Canary is a perfect choice for the beginner as it is lively, very hardy and will readily breed. They have a pleasant song, though folks who prefer a song canary may find it a bit louder and more choppy than they prefer. They are good-natured social creatures that do well when kept in cages or in aviaries.
