The Marine Corps plays a major role as the first force on the ground in most conflicts. Today, Marines are stationed around the world at all times, ready to deploy quickly whenever and wherever needed.

Marine Corps — Today's Military

Marines, also known as naval infantry, are typically an infantry force that specializes in the support of naval and army operations at sea and on land and air, as well as the execution of their own operations. In many countries, the marines are an integral part of that state's navy. In others, it is a separate organization altogether, such as in the United States, where the Marine Corps falls ...
