What is Political Economy? : Political Economy : Centre ...

Political economy is the study of production and trade and their relations with law, custom and government; and with the distribution of national income and wealth. As a discipline, political economy originated in moral philosophy, in the 18th century, to explore the administration of states' wealth, with "political" signifying the Greek word polity and "economy" signifying the Greek word "okonomie". The earliest works of political economy are usually attributed to the British scholars Adam Smith

Political economy - Wikipedia

Classical Political Economy studies the works of philosophers such as Machiavelli, Adam Smith, and Karl Marx. Modern Political Economy, on the other hand, studies the work of modern philosophers, economists, and political scientists such as John Maynard Keynes, Milton Friedman, and Friedrich Hayek.
