The state also claims authority in granting divorce rights to couples. To obtain a divorce one simply goes to the same or a similar county or state office and applies. Divorce is the legal dissolution of a previously granted marriage. To understand marriage and divorce trends in the U.S., you should think in threes.

Introduction: The Unhappy Divorce: From Marginalization to Revitalization. Abstract It seems fair to say that, in the mainstream of American sociology, psychoanalysis is often seen as outside the field's primary concerns. In 2014, many if not most contemporary scholars in the field are inclined to view the Freudian tradition suspiciously.

## **Introduction: The Unhappy Divorce: From Marginalization to ...**

Divorce laws vary considerably around the world, but in most countries it requires the sanction of a court or other authority in a legal process. The legal process of divorce may also involve issues of alimony, child custody, child support, distribution of property, and division of debt.

## **Divorce | Boundless Sociology**

The changing role of women - Around 3/4 of divorces are filed for by women. This suggests that women are more unhappy with their marriage than men. This change in role of women is vital in explaining the divorce rate rise because they now have the power to do something about a marriage they are not happy in; divorce.

Sociology - The family - divorce rates. Couples, esp women, want more from their marriage than previous generations. Love, companionship, fulfilment, sexual compatibility. Privatisation of the family means couples spend more time together.

Functionalist approach says that the higher divorce rate is evidence that surviving marriages, and remarriages, are likely to be better quality.
