specific questions that you will ask your students (or that you anticipate they will ask you). Doing so will help you increase student participation and encourage active learning. The strategies below are also helpful as you formulate questions for exams and assignments.

How to Answer "Why Are You Applying for This Position ..."

Get Free Think Why You Should Question

Who cares why you did it (whatever it is)? If you want to do it again, do it again. If you don't want to do it again, don't do it again.

Asking why will only bury you deeper in a pit of misery. You are what you do, not why you do it. So much of Western philosophy has been driven by one question: Why is there something rather than nothing?
