O.K. here is the deal. I will be baling next Wednesday and Vermeer will have a big shot from Pella here to see what is going on. I will let you know the out come. I assured my dealer yesterday that I paid enough for that baler that it is going to work or him and I would be spending the summer together!

With a sleek new design, these balers may look different, but what hasn't changed is the high-performance and reliability they have to offer. Boasting durable, heavy-duty components and the ability to perform at a high capacity, the 605N Vermeer baler works hard to help you run smoothly and efficiently.

Vermeer 605K - posted in Machinery: Just wondering why my baler is doing this, it bales good and bales looks good but it has hay on the left side of the baler up by the belts. It been doing this a while, I clean it out and after a few bales hay is gathering up by the belt and baler. Everything seems ok, just wondering if I have a developing problem. Going to add a picture if I can figure it ...
