STEPS Centre lunchtime seminar, 1.00-2.30 Monday 16 November, Convening Space, IDS, University of Sussex “Will Africa Feed China?” by Professor Deborah Bräutigam Is China building an empire in rural Africa? China has nine percent of the world's arable land, six percent of its water, and over 20 percent of its people.

~~Will Africa Feed China?—Deborah Brautigam—Oxford—~~  
There are no 'land grabs', there is no massive export of African crops to "feed China"; there are a few joint ventures and showcase projects, all relatively small, with varying levels of success. The book indicates that, rather than there being too Essential reading on China's agribusiness involvement in Africa.

~~Will Africa Feed China?—Deborah Brautigam~~  
Africa has the world’s largest untapped expanses of land and water. China is economically active in Africa, and some onlookers think China plans to turn Africa into its national food source and condemn Africans to starvation. China expert Deborah Brautigam travelled to Africa and China to research the China-Africa agricultural nexus.

~~Will Africa Feed China?—Deborah Brautigam—Google Books~~  
Whether Africa intends to feed itself and/or China, a crucial question is how the region will address the serious underinvestment in agriculture. In their paper, ...

~~(PDF) Deborah Brautigam: will Africa feed China?~~  
The gap between myths and realities motivated Deborah Brautigam, the author of Will Africa Feed China? The recent rise in global food prices, China’s rise and its aggressive overseas agricultural investment policies resulted in the Western media labelling it the leading “land grabber” in Africa and the world.

~~Will Africa Feed China By~~  
Is China building a new empire in rural Africa? Over the past decade, China's meteoric rise on the continent has raised a drumbeat of alarm. China has 9 percent of the world's arable land, 6 percent of its water, and over 20 percent of its people. Africa's savannahs and river basins host the planet's largest expanses of underutilized land and water.
