~~Working Capital Solutions Inc. - Des Plaines, IL - Company ...~~

The working capital formula is current assets minus current liabilities. The working capital formula measures a company's short-term liquidity and tells us what remains on the balance sheet after short-term liabilities have been paid off. Working capital can be positive or negative and is used for managing cash flow

~~Working capital solutions - ING Wholesale Banking~~

Working capital is the funding that keeps Pawnbrokers running from day-to-day. It varies according to the economy, market demand, time of year and other factors that constantly change from month-to-month. No two Pawnbrokers will have the same working capital needs, so ensuring customized solutions is vital.
